OBJECTIVE

Seeking an entry-level role in Web Development to bring together my academic background and strong work ethic. Excited to apply my skills within a vibrant team environment, contributing to organizational success.

PROJECTS

WEB DEVELOPMENT

I have acquired a foundational understanding of HTML, CSS, and Javascript, which has instilled in me the confidence to develop a more advanced skill set in these areas.. This gave me the confidence to get well-versed.

- Weather App
- Random Quote Generator
- Tic - Tac - Toe
- Stone Paper Scissor
- Calculator
- Github User Finder
- Image Searcher
- Dictionary App

AI/ML

These are some simple projects that made the AI/ML concepts easy to understand and determined to learn a lot.

- Earthquake Prediction
- Animal Prediction
- Signature Prediction
